- Long term service agreements
- Operator training
- Optimization services
- Parts
- PLC programming and support
- SCR design services
- SCR Management systems
- SCR system upgrades
- Systems support

THE PEERLESS ADVANTAGE

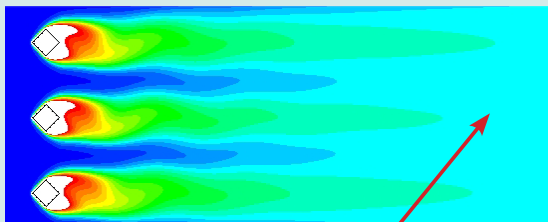

- 75 years in business
- Experience
- Optimized life-cycle cost
- Modular construction
- Standard designs
- Fast delivery
- Easy erection
- In-house CFD
- 3D Designs
- Construction management
- In-house field service

ADVANCED SCR TECHNOLOGY:

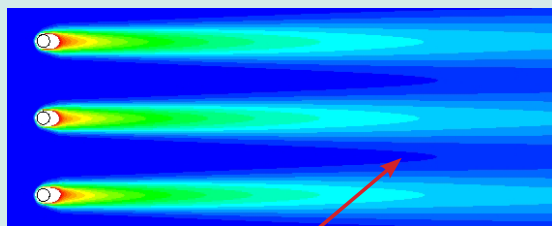

PEERLESS PATENTED EDGE AIG™ AMMONIA DISTRIBUTION

Complete Mixing

- Improved NO_x reduction
- Lower ammonia slip
- Longer catalyst life
- Optimized life-cycle cost

CONVENTIONAL AMMONIA DISTRIBUTION

Incomplete Mixing

ARE REAGENT QUALITY ISSUES CAUSING YOU PERFORMANCE PROBLEMS?

Peerless can offer solutions to alleviate deposit issues and allow less down time for vaporizer maintenance.

SEE WHAT PEERLESS CAN DO FOR YOU . . .
